

# Fernando Perez Leon

fernando.perezleon@proton.me ♦ (818) 255-6728

Diligent Industrial Engineer with a passion for project management. My education in continuous improvement and leadership positions have allowed me to quickly evaluate existing systems for efficiency in addition to streamlining processes and implementing optimization opportunities. My analytical skills, honed in data-driven and visual media environments, allow me to take raw data and use it to tell an engaging story accessible to all audiences.
